

West Tisbury Farmer's Market

Winter Market Application

2009-2010

The West Tisbury Farmer's Market is in the process of organizing a winter farmer's market. Winter markets sell stored vegetables, meats, sausages, poultry, eggs, cheeses, dairy, hydroponic greens and tomatoes, wool, value added products, including baked goods, soups, jams and jellies, canned and frozen vegetables. A winter market can expand the farmer's and the value added vendors selling season. The market will be held at the M. V. Agricultural Society Hall. We envision the market as being a place to come and spend time on a Saturday afternoon in the winter. It would start later in the day, hours being 10:00 to 2:00, so people can come have lunch, shop, and bring their families. There will be music and possibly demonstrations. The Market will be held once a month from November through March.

If you are interested in participating applications should be completed and mailed ASAP. A new Board of Health application will be required. Fees and dates are still being decided but we will let you know soon.

Please pass the word to any Farmer or Food producers on the Island who may be interested in participating.

For Applications or information contact:

Deborah Koines 508-693-5651 or Linda Alley 508-693-9561

Mail Completed Market and Board of Health Applications to:
